## ▶ About Us

Nuchem Industries Limited, located in Southwest Trinidad, is a premier manufacturer and distributor of over sixty (60) products ranging from Household, Janitorial and Industrial detergents and degreasers. Established in 1996, Nuchem Industries Limited is a privately and locally owned Limited Liability Company.

Nuchem has continuously expanded its domestic market share, serving private and commercial customers and government institutions. As we continue to grow, we have formed regional networks to offer our products and services.

To meet the high demand, we have a full-time staff of highly trained and dedicated individuals to serve all our customers' needs. As we continue to sustain a competitive advantage, we have developed research capabilities that continue to evolve with our customers' needs and take advantage of any business opportunities.

At Nuchem Industries Limited, our Motto is “First in Quality and Service”. In keeping with this philosophy, we have indeed been able to outperform our competitors and exceed our valued customers' expectations.

# ► Manufacturing

NuChem Industries Limited sources high-quality raw materials from suppliers who commit to being green and reducing environmental impacts. Our end products, from start to finish, are eco-friendly in nature.

Our passion for producing high-quality products guides our commitment to quality assurance and quality control.

Our business activities include manufacturing and distributing over sixty (60) Industrial and Household detergents and degreasers.

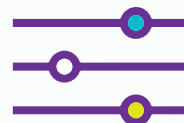

We also offer product customization for private labeling, such as colour, fragrance and packaging sizes.

► ECO-FRIENDLY PRODUCTS

► HIGH QUALITY INPUTS

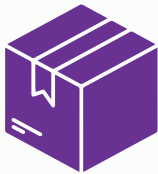

► CUSTOMIZED PRIVATE LABELLING

## ► Logistics

NuChem Industries Limited offers Less than Container Load (LCL) and Full Container Load (FCL) options.

LCL products are consolidated to maximize pallet space and maintain product integrity. Detergents can be mixed based on customer requirements.

FCL can be offered in 1 gallon, 5 gallons and 55 gallons options. It can also be mixed based on customer requirements.

► VARIETY OF LOGISTICAL OPTIONS

## ▶ Company Experience

Nuchem Industries Limited has over 26 years of experience in manufacturing Industrial and Household detergents.

Over this period, we have been able to design research capabilities to anticipate our customers' needs and surpass them.
