

FACILITIES MANAGEMENT AND MAINTENANCE COMMITTEE

FACILITIES MANAGEMENT AND MAINTENANCE COMMITTEE

VISION

To become the foremost organised group/ association where facility management and maintenance professionals are able to attain valuable and useful information so as to develop and maintain high standards of practice within the industry, locally and regionally.

MISSION

- To educate stakeholders on and promote the value of Facilities Management and Maintenance
- To advocate the enforcement of appropriate legislation and standards
- To create linkages with practitioners of the FMM industry

Established in July 2007, the main objectives of the Facilities Management and Maintenance Committee of the Chamber is that of education and advocacy. The Committee recognises the value of maintenance, the promotion of facilities management and the development of an efficient and effective legislative framework. These practices, the Committee believes would auger well for the effective running of a business and business continuity.

Resulting from these objectives, the Caribbean Facilities Management Conference and Expo was born, with the first one of its kind being held in 2009. Through valuable contributions by a list of highly esteemed Facilities Management Professionals both local and international, the Committee hopes to educate the public on these objectives and initiatives going forward to create a more sustainable business community including, but not limited to growth, strong management, innovation, attention to health, safety and environment, community and social responsibility.
