PRESS RELEASE

**“TT CHAMBER RESPONSE:
REPORTED TT\$300 MILLION VAT REMITTANCES OWED TO
THE GOVERNMENT”**

The President of the T&T Chamber of Industry and Commerce wishes to reiterate the statement made to the media earlier this month, with regards to the reported TT\$300 Million in VAT being owed by business owners to the Government.

“I, as President, have not heard of any such instance of our members not paying VAT, but this is something we will look into.”

It is the Chamber’s view that there are laws governing the collection of VAT in Trinidad and Tobago, which should be enforced against any delinquent taxpayers of which the Government has evidence.
