“BOLD MOVER” JOHN HADAD TO SPEAK AT T&T CHAMBER’S ANNUAL BUSINESS LUNCHEON

The Trinidad and Tobago Chamber of Industry and Commerce will host its Annual Business Luncheon on Wednesday April 18, 2018, at the Hilton Trinidad and Conference Centre from 11:40 a.m. to 3:00 p.m.

This year’s theme, *“Make Bold Moves to Change Your Predictable Outcome”*, makes John Hadad an excellent choice to be on the panel. In 1992, together with his brothers Joseph and Robert, John founded HADCO Limited. He holds the position of Group Co-Chief Executive Officer at the company, a position he has shared with his two siblings for the last 26 years.

Over the years, HADCO Limited has expanded its portfolio to include food and beverage, electrical and lighting, and wine and spirits. The company is well known for retailing premium ice cream brands, but also manufactures ice cream cones and is a merchandiser for duty-free alcohol.

In January 2017, HADCO purchased 75% shares in Ecoimpact Company Limited, thrusting the business into the manufacturing and recycling industry. Ecoimpact is a processing and recycling operation of waste vegetable oils, creating an alternative fuel source with the opportunity to generate earnings in US dollars.

This year, the brothers decided to diversify even further – they opened Creamery Novelties Limited, a new venture that will produce local ice cream and novelty items. In tandem, they will also broaden the Happy Time product line to include sugar and waffle cones.

HADCO Limited has seen consistent growth over the years, extending its operations to Miami, exporting premium products throughout the Caribbean, Central America and Spain, and increasing their potential to earn foreign exchange through exports.

The T&T Chamber is pleased to continue its partnership with bmobile, EY and First Citizens as we undertake the first of our three signature events for the year.
