T&T Chamber Hosts Breakfast Session – ‘What Can You Do Under The Law To Improve Your Security?’

On Wednesday April 25, 2018, the Trinidad and Tobago Chamber of Industry and Commerce hosted a breakfast session, **“What Can You Do Under The Law To Improve Your Security?”**. This informative session provided attendees with insights into the necessary measures for securing themselves, their business and employees.

The event’s facilitators included Mr. Brian Ramsey, Regional Development Director, Amalgamated Security Services; Mr. Paul-Daniel Nahous, Director/Chief Training Officer, Blue Line Defence, Training and Consulting Ltd.; and Mr. Garland Samuels, Executive Manager, Crime Stoppers, Trinidad and Tobago.

The panellists discussed a range of safety-related topics, and prevention was at the top of the list, emphasising the point that businesses must have a security

plan in place. There was a lot of debate about CCTV presence and whether or not it was a deterrent to crime. Participants also came away with solid advice on planning for suspicious behaviour, awareness training and drills, and signalling systems.

Next on the T&T Chamber's breakfast meeting agenda is a valuable session on **Governance**, which will take place on Tuesday May 22, 2018,
