T&T Chamber's Lunch N' Learn Offers Much to Digest

On Friday April 27, the Trinidad and Tobago Chamber of Industry and Commerce's NOVA Committee hosted the first installment in its five-part Masters of Industry Lunch N' Learn series.

Now in its second year, this first session for 2018 was aptly themed '**Innovation, Expansion, and Export Branding and Packaging**', and featured David and Richard Lewis of Label House Group Limited, the company behind many of the innovative packaging and signage designs for some of the region's most well-known brands.

Having started off as a small flexographic printing company, Label House continuously adapted to technological advancements and is now the leader in corporate, promotional and brand identity signage throughout the Caribbean.

The venue for the lunch was More Vino, More Sushi; participants introduced themselves in a relaxed atmosphere and had the opportunity to brainstorm about issues that are having an impact on their business. The Lewis brothers offered their unique perspective on entrepreneurship, angel investors and what they look for when getting involved in a project.

The T&T Chamber's second Lunch N' Learn session will take place on **Friday May 25, 2018** at the same venue, with Dominic Hadeed of Blue Waters Products Limited as the featured speaker. Take advantage of this opportunity to gain valuable knowledge about the ins and outs of entrepreneurship! To register and for more information, please contact Anastasia Greene at 637-6966 ext. 1230, or email agreene@chamber.org.tt
