Themed “Imagine that..!”, Mr. Cerf will give strategic insight to the audience by discussing the possibilities of full connectivity on our planet and what is required of Trinidad and Tobago to engage in the opportunities ahead.

Among the many awards he has received is the Presidential Medal of Freedom, the United States’ highest award to civilians, which was bestowed in 1997. Vint is an internationally renowned speaker on trends in digitization and in driving imagination into what lies ahead in a world in which lives and business are driven by technology.

Charles Pashley, President of the Chamber notes, “We are honoured to have this prestigious guest speaker join us at our first Signature Event for the year. The world of imagination was once viewed as being incompatible with business, but people like Vint have been exploding that myth in his global engagements. In fact, technology is driving a new wave of imaginative innovators in every sector. We too can free our minds to the possibilities that technology offers to businesses. It is time to re-imagine our tomorrow and re-shape our future. We at the Chamber believe that this conference, ‘Imagine that...!’ is about giving you that tool.”

The Annual Business Meeting is the first of the Chamber’s annual Signature Events for 2022. It takes place on Tuesday 26th April from 10:00 a.m. to 12:00 noon, following the Annual General Meeting. The Business Meeting is designed as an interactive session, allowing the audience to pose questions directly. To register, contact events@chamber.org.tt or call 637-6966, extension 1308.

The Chamber thanks its 2022 Signature Event sponsors: bmobile BUSINESS, Eximbank Trinidad and Tobago Limited, The National Gas Company of Trinidad and Tobago Limited and the Trinidad and Tobago Unit Trust Corporation
